

Friends of the Rail

August 2011

Dear Friends,

Our September LAH will be held on **Saturday 10th & Sunday 11th SEPTEMBER** at **Hermanstad Station**.

Model Train Layout Coach.

We have a small group of model train enthusiasts who are about to embark on an exciting new project of transforming an old coach into a model train coach. The coach has been prepared and is now in position at Hermanstad, ready for you chaps to get started on!

And if model trains are not your thing, do not fear! Our usual LAH is on the same day, same time! DIY jobs include; putting up of blinds in office & other room, fixing the stove into position in the kitchen.

Ladies' bathroom needs attention too. Tap washers, overflow from geyser drips. Plaster up holes in walls behind toilet. Soap dish in shower needs to be chipped out. Automatic air fresheners need to be installed. Men's alfresco le pipi ~ needs a soap dispenser to be installed. Towel rails still need to go into two toilets on the train.

Dress A golf shirt and jeans or overalls are more practical, No open sandals are permitted and sturdy shoes are required, preferably safety shoes. Hats, caps, and sun block are recommended.

Arrive at 8:00 am and report to the **Board Member or member approved by the Board** in charge. Fill in the Red **Log Book**.

Free tea/coffee will be available and is self-service from the Kitchen. For the **Shed Braai at 12:00**, Please bring your own meat and drinks. We will provide the braai, salad and rolls as well as paper cups, plates, cutlery etc.

Please contact the **Board Member in Charge Nathan Berelowitz on 0732444962** before the date; for maps, catering, work update and any other information you may need.

Many hands make light work!

Regards Liesel Hagen
